ABOUT US

OUR ACTIVITY AND KEY FIGURES FOR 2014

VEOLIA DESIGNS AND DEPLOYS CIRCULAR ECONOMY SOLUTIONS FOR **WATER**, **WASTE** AND **ENERGY** MANAGEMENT TO IMPROVE EFFICIENCY FOR CITIES, INDUSTRY AND CITIZENS.

€23,880
million revenue

179,000
employees
on 5 continents

6.8 M
tons equiv. CO₂
avoided and

15.3 M
tons equiv. CO₂
reduced

39.3 M
MWh of renewable or
alternative energy
consumed

34%
of the company's total
consumption

OUR MISSION “*RESOURCING THE WORLD*”

We contribute to increasing access to resources as well as preserving and renewing them

DEVELOPING ACCESS TO RESOURCES:

Veolia offers **operational solutions that consume fewer environmental resources and are more economically efficient**, so as to expand both the potential and the accessibility of the resources available.

PRESERVING RESOURCES:

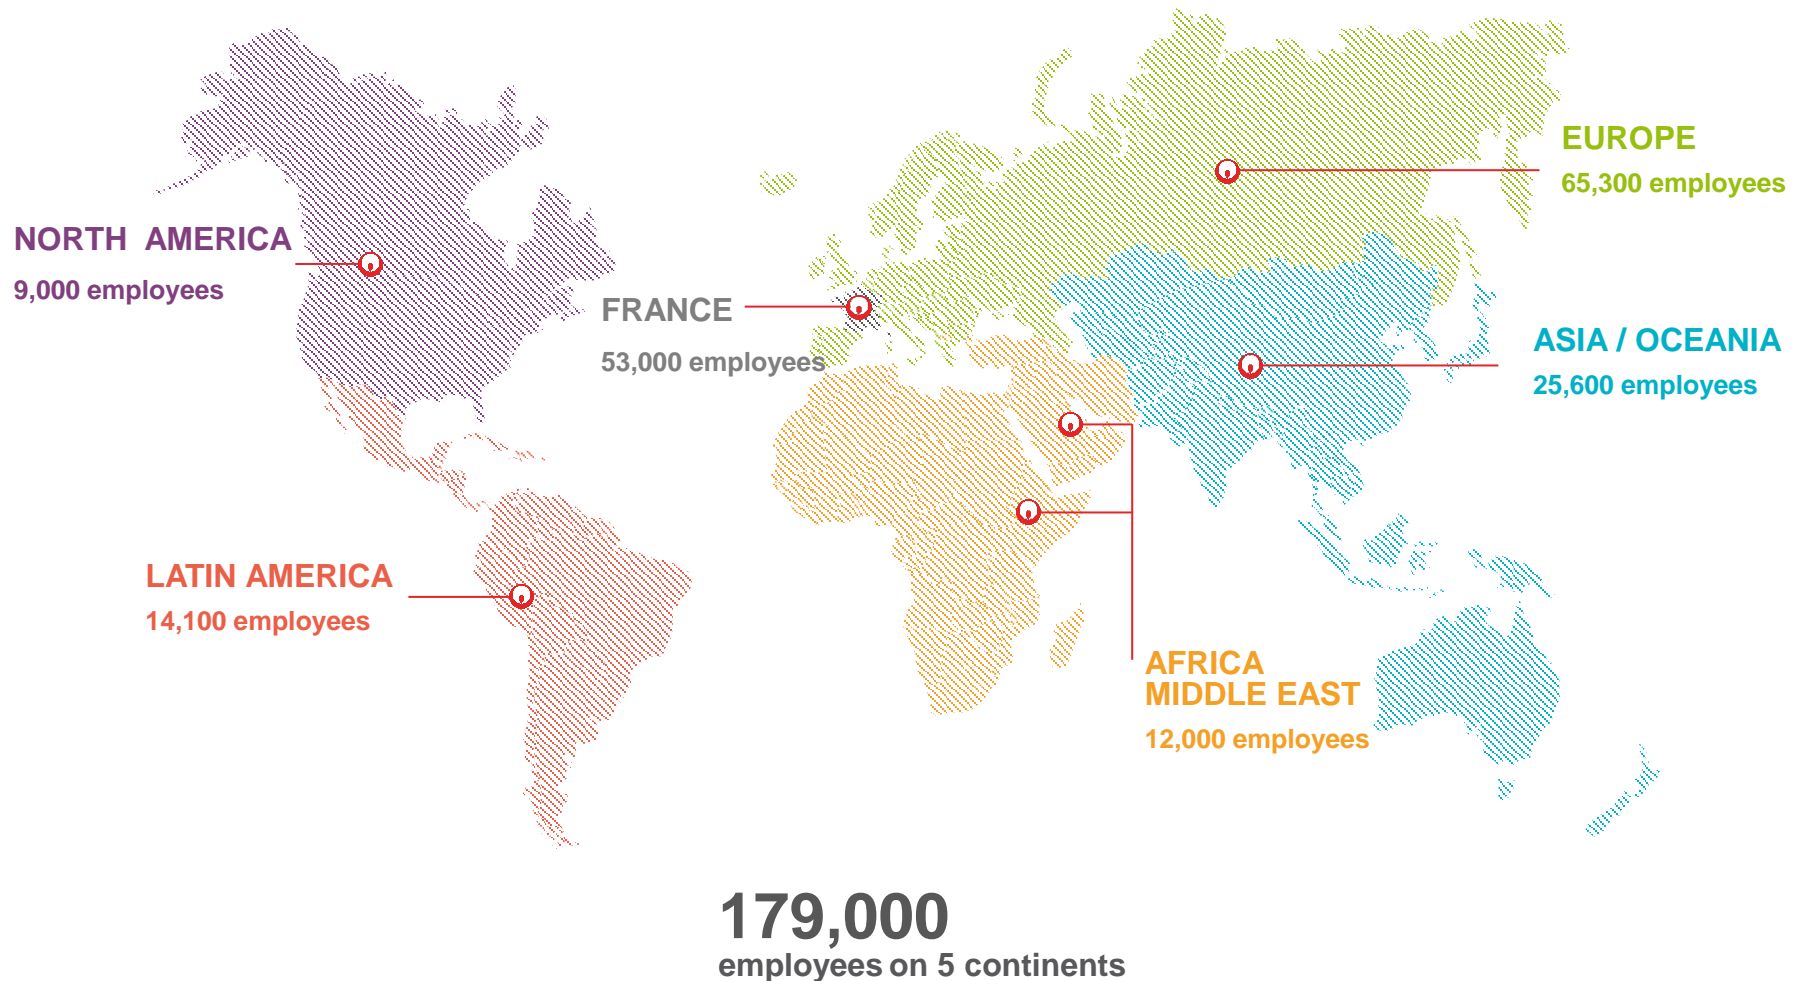

Veolia develops solutions **to conserve resources and optimize their use**, while protecting their quality and efficiency throughout the usage cycle.

REPLENISHING RESOURCES:

Veolia provides **solutions for creating new “secondary” resources** that will gradually offset the increasing scarcity of natural “primary” resources, generating new opportunities for social and economic development that protect the environment.

DECENTRALIZED ORGANIZATION SERVING OUR CUSTOMERS

OUR ACTIVITIES

Management of the global water cycle, from production and distribution of drinking water to the collection, treatment and recycling of wastewater.

WASTE

Liquid and solid non-hazardous and hazardous waste management

Our expertise covers the entire waste life cycle from collection to recycling, leading to the final recovery of waste as materials or energy.

ENERGY

Energy efficiency, efficient management of heating and cooling systems, green energy production, all unique expertise for a sustainable world.

OUR COMMITMENTS FOR SUSTAINABLE GLOBAL AND REGIONAL DEVELOPMENT

6.8 M
tons equiv. CO₂ avoided

15.3 M
tons equiv. CO₂ reduced

25%
share of renewable or
alternative energies in the
Group's energy production

Our vocation of “Resourcing the world” is reflected in our commitments to **the sustainable development of people, regions and the planet**, in particular:

IMPROVING
access to essential services
for all the populations we
serve, **including the most
underprivileged**, by offering
access conditions adapted
to local circumstances.

**REDUCING THE
ENVIRONMENTAL
FOOTPRINT,**

in particular **through optimal
resource management and
reductions in CO₂ emissions**
contributing to combating
climate change.

**PRESERVING
AND RESTORING
BIODIVERSITY**

by maintaining and enhancing
**the services provided by
ecosystems** in the course of our
operations.

VEOLIA'S ONGOING COMMITMENT TO PEOPLE, REGIONS AND THE PLANET

A UNIQUE NETWORK OF RESEARCH AND INNOVATION, matched with operational innovation throughout the organization. An internationally recognised scientific reference.

INNOVATION THAT IS OPEN TO THE WORLD through the Veolia Innovation Accelerator program to identify, accelerate and deploy the most innovative environmental start-ups and enhance services to customers.

CUSTOMER-FOCUSED INNOVATION: a closed-loop innovation process between R&D and operations to deploy cutting-edge ecotechnology as quickly as possible.
